COMPLETION DATE: Substantial Completion: November 25, 2020  
Final Completion: December 18, 2020

ENGINEER'S ESTIMATE: \$1,527,000

The work in general includes the following:

A sewer interceptor relocation within Orr's Camp Winakawin RV Park and a short sewer replacement, east of Upper Gar Lake and south of Linden Dr, both in Dickinson County, IA. It consists of furnishing all labor, materials, and equipment necessary to complete the installation, via open cut construction, of approximately 500 LF of 8-inch diameter, 350 LF of 10-inch diameter, 900 LF of 24-inch diameter, and 650 LF AWWA of 30-inch diameter, all C900 DR18 polyvinyl chloride (PVC) gravity sanitary sewer (East Lake Interceptor) and new manholes. It also includes several 4-inch diameter services to be installed along the 8-inch sewer where RV stalls are present; abandonment of 24-inch diameter gravity sewer; abandonment of concrete manholes; service stub outs at manholes; and reconnection of existing sanitary sewer services. Additionally, the project is anticipated to involve excavation, dewatering, backfill, roadway/trail removal and replacement (gravel and concrete), utility relocation and adjustment, and sitework, together with related subsidiary and incidental work in accordance with the plans and specifications.

Electronic copies of said Contract Documents and the Bid Form may be secured by contacting HR Green, Inc., at 605-221-2672 and asking for Teresa Gorham or by sending an email to [tgorham@hrgreen.com](mailto:tgorham@hrgreen.com). There is no charge for the plans and specifications. **Electronic plans and specifications are in Portable Document Format (PDF) and are available to download from our FTP site. Please contact for download instructions.**
