will be connected to the sanitary sewer facilities of the District shall pay a connection fee to the District, which may include the equitable cost of extending sanitary sewer service to the benefited district and reasonable interest from the date of construction to the date of payment. In establishing the benefited districts and establishing and implementing the schedules of fees, the Board of Trustees shall act in accordance with the powers granted to a city in section 384.38, subsection 3, of the *Code of Iowa* and the procedures in that subsection. However, all fees collected under this subsection shall be paid to the District and the moneys collected as fees shall be used only by the District to finance improvements or extensions to its sanitary sewer facilities, to reimburse the District for funds disbursed by its Board of Trustees to finance improvements or extensions to its sanitary sewer facilities, or to pay debt service on obligations issued to finance improvements or extensions to its sanitary sewer facilities. This subsection does not apply when a sanitary district annexation plan or petition includes annexation of an area adjoining the district or a petition has not been presented for a sewer connection. Until the annexation becomes effective, or the annexation plan or petition is abandoned, the state mandate contained in section 455B.172, subsections 3, 4, and 5 of the *Code of Iowa* shall not apply unless the property owner requests to be connected to the District's sewer facilities and voluntarily pays the connection fee.
